

Gardening Competition 2009

This is the competition for **you ...**

... whether you have a garden or a windowbox

... whether your windowsill is a forest of plants or you just appreciate others' hard work

... whether you're not so young any more or still at school.

Send us a photo of something you've grown or helped grow (maybe the veg patch your class is in charge of?) during the coming Summer and a maximum of 30 words with your tips for what made it such a success and we'll get them judged by gardening expert, Sue Bedwell of Bletchingdon. There are prizes in each age group and the overall winner will receive a lovely gardening gift worth up to £50. Plus we'll all get the benefit of your tips when they are published later this year! Closing date for entries is 30 September.

(Please note we'll need 'hard copy' photos rather than e-mailed ones.)
